

### CHARGE YOUR BIKE

Lucerne has a lot of charging points, so we don't need a special infrastructure for our event.

The best map for searching is the [chargemap.com](http://chargemap.com) .

The best App or RFID-chip comes from [plugsurfing.com](http://plugsurfing.com) . Sometimes you pay the power with the parking fee. In Hotels you can ask for using the power socket, take a coffee and have a nice conversation at the lobby ;-)

**TIPP:**

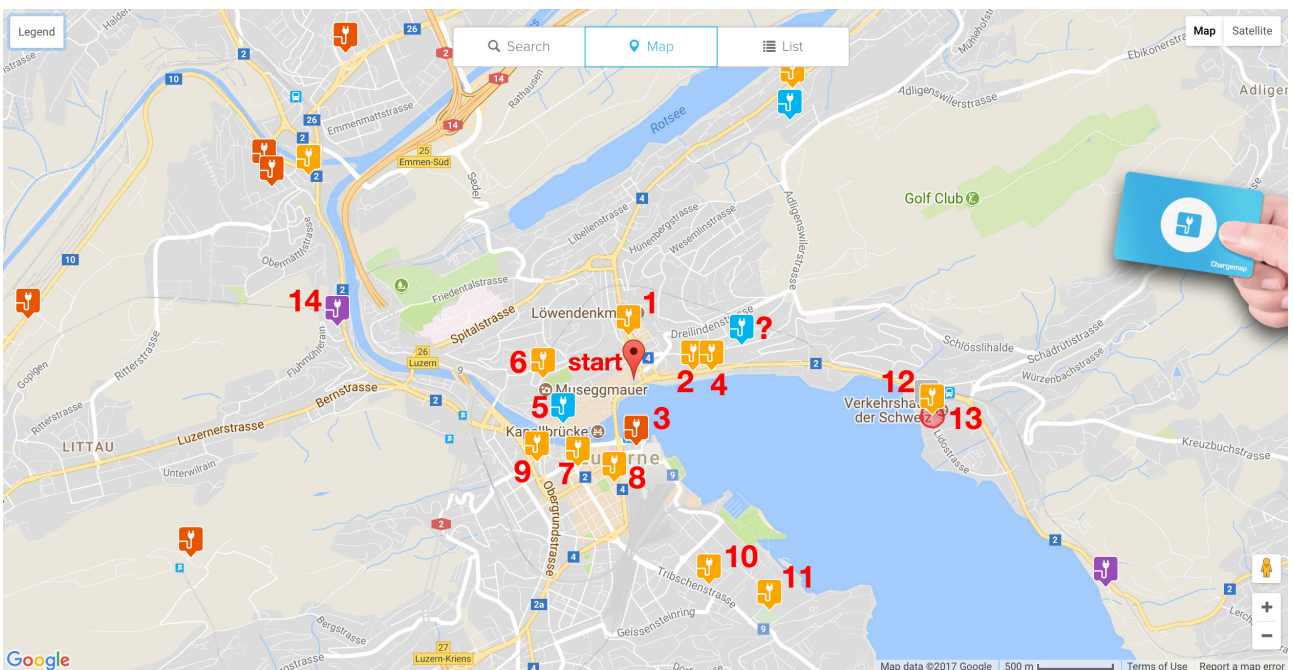

Go first to charge your motorcycle, visit the city center of lucerne. Or visit the traffic museum next to the charging point 12+13

<https://www.verkehrshaus.ch/en>

<http://www.luzern.com/de/museum-hans-erni>

Then go to the hotel Schweizerhof. The parking will open there at 10h. Apéro starts at 17h !

### Charging points near by Schweizerhof (start)

1
